Re: Worumbo - F.E.R.C. Project #3428-ME  
Emergency Action Plan Exemption

Dear Mr. Valeri:

On August 22, 1986 Miller Hydro Group (MHG) requested an exemption from further filing of an Emergency Action Plan for the Worumbo Project. That request was granted by letter dated January 5, 1987. On August 27, 2008 and August 28, 2008, Worumbo Project personnel conducted an upstream and downstream site reconnaissance by boat. Based on this visual observation and review of currently available aerial maps (Google Earth internet mapping software), MHG knows of no changes in circumstances, either upstream or downstream, which would revise the hazard potential of this project. Therefore, MHG requests that the low-hazard status of this project dam be continued.

Thank you.

Sincerely yours,

Bearl S. Keith  
Project Administrator
